## **COURTESY**

Courtesy thy name is sweet,  
To have you everyone wants,  
But some people pay no heed,  
'Cause they think it's not done.

Courtesy I admire you,  
Half the battle is won  
If with us we have you,  
All the work quickly will be done.

Courtesy your mood, your smile,  
You ever eager to help others,  
Your ever straight & helpful eyes,  
Is enough to win people's over.

Courtesy I'll always preach  
To everyone to follow your example,  
Me first, then all that I meet,  
Courtesy really it's you we need.

## POLICE BAZAR

Police Bazar everyone talks,  
About *khyndailad* always,  
Where most of us go there every time,  
To shop and see Shillong go round.

Channa walla, fruits and flowers sellers,  
Right in front of everything,  
Shoe repairers and all types of vendors;  
Showing their wares and everywhere,

Calling customers as they walk,  
Eating grains and betel nuts  
Eating fruits and suparis  
Spitting all along the road.

Rubbing lime here and there and everywhere,  
Without any conscience at all,  
Throwing wrappers, papers & all rubbish  
As if it is a garbage dump.

Oh Police Bazar I'm so ashamed of you  
When will you change my dear?  
When will you come to your senses?  
And start looking yourself at the mirror.

When you climb down the steps  
What a horrible sight you'll see  
Dirty waters sieve in from shops and walls  
Filth & spits cover all steps

So wake up Police Bazar wake up  
Wake up before it's too late,  
While you still can wake up  
Wake up and hold your head high once again.

## **HOME SWEET HOME**

**A few days away from home  
With friends, and relatives and acquaintances  
How great, relax, and fancy free we feel  
From day to day real time at home**

**New environment new people,  
I gaze at everything I see,  
I admire every single thing with hope  
And photograph everything in my head.**

**Few days away from home,  
Waling, Shopping, Talking with friends,  
Forget everything about daily life,  
But just absorb and enjoy everything.**

**It breaks the monotony of daily life,  
And clear the cobwebs in our head,  
And make a difference with our life,  
Just to be away for a few days.**

**Laughing, joking, tasting different dishes,  
Forget about aches and pains in our body  
Forget about responsibilities for a while  
Forget the whole wide world but just enjoy.**

**All these are essential for a while  
All these are good for our well being  
Once in a while we need a break  
To rejuvenate our energy and be fit.**

**But then after sometimes gone  
We long to reach quickly home  
To dear and near ones again,  
To our Home Sweet Home.**

## **LIVE A FULL LIFE**

Life is beautiful to live,  
If we know how to live to the full,  
Life is awful, dreading and monotonous  
If we are not careful.

But life to live is not easy,  
Pain, Loss, Sickness and poverty  
All these goes hand in hand you see  
But still life is worth living many will agree.

Everyone love his own life  
Everyone love to live not die  
But then life is a strife  
From day one till you die

So live a full life while you can do not fall  
And leave your steps on the sands of time  
So that in the end you can see and them all  
That life has not live in vain.

God Almighty to bow our heads  
His guidance always we pray to get  
What we want and not be astray  
What we do not hell lead the way.

## **CLOUDS KINGDOM**

Oh when you travel high up in the air,  
Beautiful clouds of different colours,  
Bluish white, smoke grey, are there;  
Just name the colours, you'll see for sure.

Off white, dark grey and Smokey white  
Clouds like sea shore and even green  
Sketch and stretch like sand dunes look alike  
Beautiful colours I have ever seen.

Clouds like Chrysanthemum in shape  
And clouds of pure white like mountains  
Blue clouds like Farmland and caves  
Bluish grey in the morning like a fountain

Light Pink mixed with grey,  
Greenish white like angry waves,  
Grey in the middle followed & slay  
Till white clouds covers like soldier brave

Oh what a beautiful sight indeed  
While at the far end an umbrella like  
Hanging clouds, running to meet  
Shift white their clouds at the other deed

Clouds like a rocket from below,  
Up in the sky at 1000 ft they proceeds  
Different colours at different altitude you bow!  
Clouds like shrubs with blue background again.

Too beautiful to explain but must see  
Light green clouds a little further  
Plain blue clouds like a calm blue sea  
Then white clouds from below greet one another

· Umbrella like clouds with knots  
To witness these its sheer magic  
Then just plain black with tiny dots  
On clear sky clouds are like white fields.

On clear sky clouds like green fields shields  
Some like an Opera Hall without music  
To witness this, as Sheer magic  
Delta shape clouds at sixteen thousand feet high

Clouds like dry sea full of sand, some wet  
Some dry, while in actual fact is only sky, I sigh!  
And what wonderful colours to watch till sunset.

# CONSCIENCE

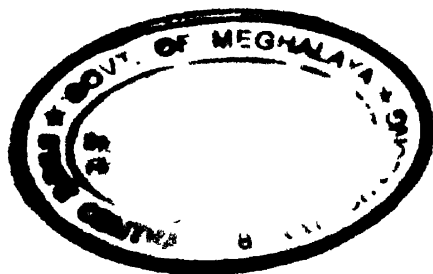

Do we have a conscience in what we do?  
Do we have a conscience in what we talk?  
Do we have a conscience in what we think?  
Do we have a conscience in what while we walk?

If conscience is with us  
Half life's battle is won alright  
Everything will work smoothly because  
With conscience everything will be bright

But where is conscience nowadays  
People seems so busy to wonder  
And get thirsty done quickly always  
Without thinking or awhile ponder

Conscience seems dead these days,  
Do & talk what you like without care,  
Without thinking about later and today  
Whom we hurt in the process we do not care.

Conscience one must always have  
To lead us to satisfaction in our strife  
In what we do, talk we'll carve  
A long lasting impression in our life.

## **LIFE**

What is life to you and me friends?  
Life is to live to the full, you see  
Every day with family and friends till the end  
With no regrets but with hope

Live for today and not tomorrow  
As they say, for you do not know what's in store for you  
But live a life with no regrets  
Like this, fulfillment you'll get.

Life is so uncertain for man  
Here today and no more tomorrow  
What is this? if not uncertainty  
Live to the full but with dignity.

## **BOOKS**

From childhood till the end,  
Books are so important  
Without you where we'll be?  
Without you where we will stand?.

Through you we meet people  
Of different countries in the world  
Through you we learn how?  
To live and read by answering your call.

The whole wide world we meet  
Through you just by started reading  
We learn how they live, work & eat  
And everything when we finish reading.

Without you I can't imagine  
What kind of life man will live  
But with you every one begin  
To appreciate the importance of live you give.

You sharpen the brains of the writers,  
You give a wake up call to people.  
You open the eyes of the readers,  
And to love reading it's that simple.

No religion, caste, or creed,  
to differ on reading books.  
But, man, woman, boy or girl seek  
To read and seek and some for life are hooked.

## **LIFE NOWADAYS**

These days life is so fast  
Everything is available  
Fast food, fast instant things  
And fast life style.

People must get  
More time to relax  
Although everything is available fast  
But still it seems people are more busy.

No time to relax  
No time for your friends and relatives  
No time to do things you like  
Everything is fast... fast..fast.

Education is spreading fast  
Health care is developing fast  
Science and Technology is going fast  
What else to expect after this.

All these are God's gift to us  
For mankind to have a better life  
But all these are worth if human  
Kindness and love disappear.

## **DIVINE**

**I search..  
And search ...  
But all in vain  
To find life's answer.**

**Where to go ?  
When to start ?  
How to find  
But only divine.**

**To solve my problems  
Big and small,  
To share my sorrows  
And make me grow.**

**In everything I choose  
In everything I do,  
But now I know how to find.  
Only love's divine.**

# **FRIENDSHIP**

Friendship is so beautiful  
'cause you can count on  
Someone special and careful  
That's why Friendship is on

Friendship is needed  
In everyone's life,  
'cause you can share and depend  
In friendship to work and stiff

On just to share life's happenings,  
Together big, small, sad or happy  
Or just be together to laugh and sing  
And what —ever life can offer.

There are many relationships,  
In this world today  
But the best of all is friendship  
Cause we lack this if not anything else

Friendship... friendship... friendship!  
To me you are so important  
Friendship friendship friendship .  
In you I'll always count.

## **HOPE**

**HOPE is the best thing man must have  
Without it everything is doomed,  
With it, everything is safe  
Without it everything is lost.**

**HOPE is alive from time immemorial  
Without hope life is boring,  
Hope, oh! Hope life is worth striving  
Without hope I can't imagine living.**

**HOPE is in everyone's life  
Without it no one can live,  
Hope assured even to dying  
Without hope even the strong will die.**

**HOPE is for everyone,  
Hope is needed every time  
Every hardship, sorrow and gloom  
Hope level them all and bloom.**

## **ENLIGHTENMENT**

Come to me enlightenment  
To enlighten me in my belief  
To enlighten me in my deeds  
And to enlighten me in everything .

The world these days is such.  
That we are confused for everything  
Honesty, Integrity no meaning as such  
It seems even hope has lost its sheen.

Going around here and there  
Only disappointment and sadness,  
Smiles I want to see everywhere.  
When can we have this I can't guess!

Brothers and sisters together will fulfill  
To bring back smiles, fill cheer  
Our people to live in harmony but still  
Search for that smile not sheer.

Enlightenment and good cheer  
Enlightenment on suffering  
Enlightenment, the cup that cheer  
And enlightenment on all these miseries.

Can you enlighten, oh dear Lord  
'Please guide and lead me so.  
To find the way of sort  
In harmony to live and stay.

# VOICES OF THE HILL PEOPLE

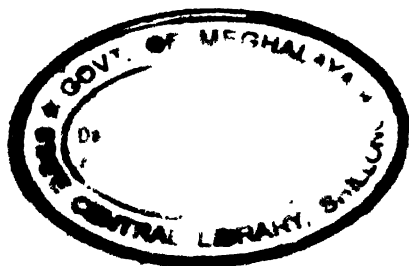

Voices of the Hill People  
Must be heard once in a while,  
Many think that it is unnecessary  
Let them die without being **seen**.  
**Let them shout without being heard**

'Cause who will hear them?  
In the far-flung mountains;  
Who cares about their woes?  
"We have troubles of our own".

But then somehow once you heard their voices  
From the lofty high mountains  
Their soulful songs carried by wind through  
The pine trees, brought tears of joy to the listeners

**P.T.O.**

Are these songs sung by the Hill Man?  
Are these words penned by the men of the mountains?  
Oh! So sweet and soothing,  
Sometimes it wakes up the soul of the sleepy heads,  
But most of the time it soothes  
Like a balm to the weary bones,  
  
Like a lullaby to the tired and restless,  
Oh voice of the Hill keep on singing to me  
I regret for not paying attention before.
